Cronut® Pre-orders

The Cronut® is a unique creation by Chef Dominique Ansel, named the World's Best Pastry Chef of 2017, that many have described to be a croissant-doughnut hybrid. After its launch in May 2013 in our New York sister shop, it became the most virally talked about dessert item in history, including being deemed by TIME Magazine as one of the best inventions of the year.

Here at Dominique Ansel Bakery London, we offer one special Cronut® flavor each month. Pre-order your Cronut® pastries online at dominiqueansellondon.com/shop/cronut-preorder
